

You Are Not Free: Courts Have Trapped Us in a Judicial Kleptocracy

By **PeaceMaker ALDO** - March 20, 2025

America's justice system is failing. While the public believes courts uphold law and justice, the reality is starkly different: the innocent suffer while wrongdoers are protected. Institutions designed to deliver justice have devolved into a judicial kleptocracy—a system normalizing deception, lawfare, and tyranny to shield unaccountable power.

Most people remain unaware of this corruption until it directly affects them or their loved ones. Even those who recognize it often feel overwhelmed—or too fearful—to act. Courts maintain an illusion of fairness, operating within a closed loop that shields insiders from accountability.

Fraud Upon the Public by the Court: A New Legal Doctrine

Legal precedent recognizes 'fraud upon the court'—when court officers corrupt justice through deception. But what about misconduct by the court itself?

We must call this **Fraud Upon the Public by the Court**—deliberate judicial wrongdoing to conceal abuses, suppress justice, and silence reform. This injustice stems from courts unlawfully controlling and manipulating Grand Juries, violating the Constitution and the Supreme Court's 1992 Williams ruling.

This isn't justice; it's taxpayer-funded tyranny disguised in robes and uniforms.

The Simple Solution: People's Grand Jury Oversight

We the People are not powerless. A simple solution exists: establish **Rule-of-Law People's Grand Jury Oversight Committees in all 3,143 counties.**

The website **RestoreGrandJuryRights.org** provides a **simple and effective process** to reclaim your power. Citizens in every county can use easy-to-fill-and-print Demand Documents to initiate their own **Rule-of-Law People's Grand Jury Oversight Committee**—forcing **officials and sheriffs** to take action.

18 USC 3332 gives **President Trump, AG Pamela Bondi, and our DOJ the power to use Federal Grand Jury authority to stop corruption.** This mechanism can break the trap of corruption and return power to the people where it rightfully belongs.
